Inhalation: If inhaled, move to fresh air. If symptoms persist, obtain medical attention.
Skin contact: Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes. If irritation persists, obtain medical attention.
Eye contact: Immediately, flush eyes with large amounts of water for at least 15 minutes, lifting eyelids occasionally to facilitate irrigation. Contact a physician if redness persists
Ingestion: Do not induce vomiting without medical advice. Drink plenty of water to dilute. Do not give anything by mouth to an unconscious or convulsing person. Contact a physician immediately.

SECTION 5: FIRE-FIGHTING MEASURES

Extinguishing media	Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.
Extinguishing methods	Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. Use water spray to cool unopened containers.
Specific hazards during fire fighting	Burning produces irritant fumes. Exposure to decomposition products may be a hazard to health.
Special protective equipment	Full protective clothing and approved self-contained breathing apparatus required for firefighting personnel

SECTION 6: ACCIDENTAL RELEASE MEASURES

Personal Precautionary Measures: Use appropriate protective equipment. (See Section 8.) Do not get into eyes, skin, or clothing. Wear respiratory protection. Avoid breathing vapors. Ensure adequate ventilation.

Environmental Precautionary Measures: Do not empty into drains. Prevent uncontrolled discharge of product into the environment if safe to do so.

Methods and Materials for Containment and Cleanup: Do not discharge into waste water. Soak up with an inert absorbent material (e.g. sand, silica gel, sawdust). Sweep up and shovel. Place in a non-leaking container for proper disposal according to Federal, State, and Local regulations.

SECTION 7: HANDLING AND STORAGE

Handling	Wear personal protective equipment when handling product. Handle with care. Take care to avoid waste and spillage when weighing, loading and mixing the product.
