SECTION 4: FIRST AID MEASURES

Inhalation	Move the exposed person to fresh air at once. If breathing has stopped, perform artificial respiration. Get medic attention.
Skin contact	Take off contaminated clothing and shoes immediately. Wash with soap and plenty of water. Consult a physician.
Eye contact	Immediately wash (irrigate) the eyes with large amounts of water for at least 15 minutes and consult a physician. Continue rinsing eyes during transport to hospital.
Ingestion	Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Rinse mouth with water. Get medical attention immediately.

SECTION 5: FIRE-FIGHTING MEASURES

Suitable extinguishing media	Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.
Special firefighting procedures	Wear positive pressure self-contained breathing apparatus (SCBA), and chemical protective clothing.
Unusual fire and explosion hazards	When ignited, carbon oxides may be produced.

SECTION 6: ACCIDENTAL RELEASE MEASURES

Personal precautions and protective equipment	Neutralize spills with lime or soda ash. Do not touch damaged containers or spilled material unless wearing chemical protective clothing. Stop leak if you can do it without risk.
Environmental precautions	Prevent entry into waterways and sewers.
Containment/clean up methods	Dilute with water and mop up, or absorb with dry earth, sand or other inert absorbent material and transfer to suitable containers for disposal as hazardous waste.

SECTION 7: HANDLING AND STORAGE

Handling	Handle in accordance with good industrial hygiene and safety practice. Use personal protection recommended in Section 8. Do not breathe dust/fume/gas/mist/vapors/spray. Wash face, hands and any exposed skin thoroughly after handling. Avoid contact with skin, eyes or clothing.
Storage	Keep containers tightly closed in a dry, cool and well-ventilated place. Keep locked up and out of reach of children. Store at ambient conditions. Material should be stored in secondary containers or in a diked area, as appropriate. Keep away from incompatible materials, open flames, and high temperatures. Store locked up.
